

Quanton Parish Council: Road Closures

Updated: 22nd February 2021

The works by HS2 affecting nearly all the roads leading to and from Quanton means there are far more disruptions than usual.

Transport for Bucks issues a **Temporary Traffic Restriction Order** notifying a closure and shows diversion routes

The **TTRO** can last for several months; the exact start date only confirmed later. The road may reopen only to close again later for more works under the same TTRO which may be extended. These documents are not user friendly

Beware extended TTRO's quote the days since the original date. This can be confusing if assumed to be a fresh notification

The HS2 Act restricts the local authority powers, while utilities can close roads immediately in an emergency.

All current and upcoming road closures can be viewed locally on a national database at: <https://one.network/>

If you want to look further than the current day you have to create a free account.

Further information can be accessed on HS2 Common Place The link is on the HS2 page

Your Parish Council has recently been notifying residents via Quanton Alerts but what are now becoming frequent updates are causing confusion

We will try to keep Q Alert's to a minimum while referring you to this new page on the Quanton website showing current and future restrictions with updates on the start of works.

Please see the One Network website for official diversion routes, but we assume residents will know the best alternative

Road		Date	Times	Restriction	Other Information
Station Rd below crossroads	<i>From</i>	Early Jan	Mon 09:00	Closed	Open at weekends
	<i>To</i>	23/07/2021	Sat 07:00
